

## Vessel/Voyage **NEWS**

12 February 2020

Dear Customer,

In view of restricted allocation to load all the cargoes at Paranagua port, it was necessary to make adjustments on the stowage plan of MSC SOFIA CELESTE NA006R. As a result, most of the cargo booked was not loaded as scheduled, regrettably affecting your booking on this vessel.

All containers left ashore were transferred to be loaded with high priority on our next call:

**Vessel UASC UMM QASR NA007R  
ETA Paranagua – February 18, 2020**

You will receive a revised booking confirmation from our system very shortly. All procedures next to terminal and costs related to yard shifting and storage for containers already gated will be covered by Hapag-Lloyd. Please make sure your documentation is adjusted accordingly.

We are sorry for any inconvenience caused by this situation that goes beyond owner's control.

If you have any questions, please do not hesitate to contact our customer service booking department.

Yours truly,

Alan Santana
